**NOTICE: REVISED RECYCLING
GUIDELINES
EFFECTIVE IMMEDIATELY**

Dear Residents:

The District of Columbia has instituted new recycling guidelines.

Effective immediately, they will no longer accept any recyclables in plastic bags. You may put out your recyclables in paper bags, throwaway cardboard boxes or reusable plastic recycling bins. If you use a recycling bin, please be sure to write your unit address on it. Plastic recycling bins are available at Home Depot, Lowes, Amazon and other retailers.

Please see the attached sheets for guidance on acceptable materials for recycling. All recyclables can be combined and placed in the same container.

Any recyclables placed outside in plastic bags will be treated as regular trash and will not be recycled.

Thank you for helping to make DC green.
